

The Journal OF THE *House of Representatives*

Number 32

Tuesday, March 3, 2020

The House was called to order by the Speaker at 11:30 a.m.

Prayer

The following prayer was offered by House Chaplain Tim Perrier, upon invitation of the Speaker:

I'm going to ask you to think of one thing that is the most weighing on your heart and your mind today. It may be related to your work here, it may be related to family or health issue, but what's the one thing in your heart and your mind that you'd like to be free of?

Lord, as each of us have this challenge in our mind, we ask for the grace to let go of our efforts to fix ourselves and our efforts to fix our own problems. Help us to remember that our powers and abilities are limited, but Yours are not. Even though we do not understand how You work, we recognize that we are the created not the creator, so today we entrust our struggle into Your loving, capable hands, knowing that You are a good father.

While this prayer may not immediately take away our problem it is good to be able to lift our concern to the one whose power spoke the cosmos into being, the one who can deal with our requests with perfect wisdom and perfect timing. While we wait for Your help, we ask for patience and the faith to know that You are working in our lives, even though we do not see it. Finally, we ask for Your protection and peace on our families and loved ones back home, and we pray this in Your holy name. Amen.

(Amendment Bar Code: 194987)

Amendment 1 (with title amendment)—Remove everything after the enacting clause and insert:

Section 1. Effective July 1, 2021, paragraphs (b) and (c) of subsection (1) of section 320.06, Florida Statutes, are amended to read:

320.06 Registration certificates, license plates, and validation stickers generally.—

(1)

(b)1. Registration license plates bearing a graphic symbol and the alphanumeric system of identification shall be issued for a 10-year period. At the end of the 10-year period, upon renewal, the plate shall be replaced. The department shall extend the scheduled license plate replacement date from a 6-year period to a 10-year period. The fee for such replacement is \$28, \$2.80 of which shall be paid each year before the plate is replaced, to be credited toward the next \$28 replacement fee. The fees shall be deposited into the Highway Safety Operating Trust Fund. A credit or refund may not be given for any prior years' payments of the prorated replacement fee if the plate is replaced or surrendered before the end of the 10-year period, except that a credit may be given if a registrant is required by the department to replace a license plate under s. 320.08056(8)(a). With each license plate, a validation sticker shall be issued showing the owner's birth month, license plate number, and the year of expiration or the appropriate renewal period if the owner is not a natural person. The validation sticker shall be placed on the upper right corner of the license plate. The license plate and validation sticker shall be issued based on the applicant's appropriate renewal period. The registration period is 12 months, the extended registration period is 24 months, and all expirations occur based on the applicant's appropriate registration period. Vehicles taxed pursuant to s. 320.08(6)(a) may elect a permanent registration period, provided payment of the appropriate license taxes and fees occurs annually. A vehicle that has an apportioned registration shall be issued an annual license plate and a cab card that denote the declared gross vehicle weight for each apportioned jurisdiction in which the vehicle is authorized to operate.

2. In order to retain the efficient administration of the taxes and fees imposed by this chapter, the 80-cent fee increase in the replacement fee imposed by chapter 2009-71, Laws of Florida, is negated as provided in s. 320.0804.

(c) Registration license plates equipped with validation stickers subject to the registration period are valid for not more than 12 months and expire at midnight on the last day of the registration period. A registration license plate equipped with a validation sticker subject to the extended registration period is

valid for not more than 24 months and expires at midnight on the last day of the extended registration period. A registration license plate equipped with a validation sticker subject to a permanent registration period is permanently valid but shall become void if appropriate license taxes and fees are not paid annually. For each registration period after the one in which the metal registration license plate is issued, and until the license plate is required to be replaced, a validation sticker showing the month and year of expiration shall be issued upon payment of the proper license tax amount and fees and is valid for not more than 12 months. For each extended registration period occurring after the one in which the metal registration license plate is issued and until the license plate is required to be replaced, a validation sticker showing the year of expiration shall be issued upon payment of the proper license tax amount and fees and is valid for not more than 24 months. For each permanent registration period occurring after the one in which the metal registration license plate is issued and until the license plate is required to be replaced, a validation sticker showing a permanent registration period shall be issued upon payment of the proper license tax amount and fees and is permanently valid but shall become void if the proper license taxes and fees are not paid annually. When license plates equipped with validation stickers are issued in any month other than the owner's birth month or the designated registration period for any other motor vehicle, the effective date shall reflect the birth month or month and the year of renewal. However, when a license plate or validation sticker is issued for a period of less than 12 months, the applicant shall pay the appropriate amount of license tax and the applicable fee under s. 320.14 in addition to all other fees. Validation stickers issued for vehicles taxed under s. 320.08(6)(a), for any company that owns 250 vehicles or more, or for semitrailers taxed under the provisions of s. 320.08(5)(a), for any company that owns 50 vehicles or more, may be placed on any vehicle in the fleet so long as the vehicle receiving the validation sticker has the same owner's name and address as the vehicle to which the validation sticker was originally assigned.

Section 2. Paragraph (a) of subsection (3) and subsection (5) of section 320.06, Florida Statutes, are amended to read:

320.06 Registration certificates, license plates, and validation stickers generally.—

(3)(a) Registration license plates must be made of metal specially treated with a retroreflection material, as specified by the department. The registration license plate is designed to increase nighttime visibility and legibility and must be at least 6 inches wide and not less than 12 inches in length, unless a plate with reduced dimensions is deemed necessary by the department to accommodate motorcycles, mopeds, or similar smaller vehicles. Validation stickers must also be treated with a retroreflection material, must be of such size as specified by the department, and must adhere to the license plate. The registration license plate must be imprinted with a combination of bold letters and numerals or numerals, not to exceed seven digits, to identify the registration license plate number. The license plate must be imprinted with the word "Florida" at the top and the name of the county in which it is sold, the state motto, or the words "Sunshine State" at the bottom. Apportioned license plates must have the word "Apportioned" at the bottom and license plates issued for vehicles taxed under s. 320.08(3)(d), (4)(m) or (n), (5)(b) or (c), or (14) must have the word "Restricted" at the bottom. License plates issued for vehicles taxed under s. 320.08(12) must be imprinted with the word "Florida" at the top and the word "Dealer" at the bottom unless the license plate is a specialty license plate as authorized in s. 320.08056. Manufacturer license plates issued for vehicles taxed under s. 320.08(12) must be imprinted with the word "Florida" at the top and the word "Manufacturer" at the bottom. License plates issued for vehicles taxed under s. 320.08(5)(d) or (e) must be imprinted with the word "Wrecker" at the bottom. Any county may, upon majority vote of the county commission, elect to have the county name removed from the license plates sold in that county. The state motto or the words "Sunshine State" shall be printed in lieu thereof. A license plate issued for a vehicle taxed under s. 320.08(6) may not be assigned a registration license number, or be issued with any other distinctive character or designation, that distinguishes the motor vehicle as a for-hire motor vehicle.

(5) By July 1, 2021, the department shall may conduct a pilot program to evaluate the designs, concepts, and technologies for digital alternative license plates. For purposes of the pilot program, the department shall investigate the

~~feasibility and use of alternative license plate technologies and the long-term cost impact to the consumer.~~ The pilot program shall be limited to installation and use of digital license plates that are used on government-owned motor vehicles as described in s. 320.0655. Such digital license plates are exempt from the requirements in paragraph (3)(a).

Section 3. Paragraph (b) of subsection (2) of section 320.0657, Florida Statutes, is amended to read:

320.0657 Permanent registration; fleet license plates.—

(2)

(b) The plates, which shall be of a distinctive color, shall have the word "Fleet" appearing at the bottom and the word "Florida" appearing at the top unless the license plate is a specialty license plate as authorized in s. 320.08056. The plates shall conform in all respects to the provisions of this chapter, except as specified herein. For additional fees as set forth in s. 320.08056, fleet companies may purchase specialty license plates in lieu of the standard fleet license plates. Fleet companies shall be responsible for all costs associated with the specialty license plate, including all annual use fees, processing fees, fees associated with switching license plate types, and any other applicable fees.

Section 4. Subsection (12) of section 320.08, Florida Statutes, is amended to read:

320.08 License taxes.—Except as otherwise provided herein, there are hereby levied and imposed annual license taxes for the operation of motor vehicles, mopeds, motorized bicycles as defined in s. 316.003(4), tri-vehicles as defined in s. 316.003, and mobile homes as defined in s. 320.01, which shall be paid to and collected by the department or its agent upon the registration or renewal of registration of the following:

Dealers shall be responsible for all costs associated with the specialty license plate, including all annual use fees, processing fees, fees associated with switching license plate types, and any other applicable fees.

Section 5. Section 320.08053, Florida Statutes, is amended to read:

320.08053 Establishment of Requirements for requests to establish specialty license plates.—

(1) If a specialty license plate requested by an organization is approved by law, the organization must submit the proposed art design for the specialty license plate to the department, in a medium prescribed by the department, as soon as practicable, but no later than 60 days after the act approving the specialty license plate becomes a law.

(2)(a) Within 120 days ~~after following~~ the specialty license plate ~~becomes becoming~~ law, the department shall establish a method to issue a specialty license plate voucher to allow for the presale of the specialty license plate. The processing fee as prescribed in s. 320.08056, the service charge and branch fee as prescribed in s. 320.04, and the annual use fee as prescribed in s. 320.08056 shall be charged for the voucher. All other applicable fees shall be charged at the time of issuance of the license plates.

(b) Within 24 months after the presale specialty license plate voucher is established, the approved specialty license plate organization must record with the department a minimum of 3,000 4,000 voucher sales, or in the case of an out-of-state college or university license plate, 4,000 voucher sales, before manufacture of the license plate may commence. If, at the conclusion of the 24-month presale period, the minimum sales requirement has requirements ~~have~~ not been met, the specialty plate is deauthorized and the department shall discontinue development of the plate and discontinue issuance of the presale vouchers. Upon deauthorization of the license plate, a purchaser of the license plate voucher may use the annual use fee collected as a credit towards any other specialty license plate or apply for a refund on a form prescribed by the department.

(3)(a) New specialty license plates that have been approved by law but are awaiting issuance under paragraph (b) shall be issued in the order they appear in s. 320.08058 provided that they have met the presale requirement. All other provisions of this section must also be met before a specialty license plate may be issued. If the next awaiting specialty license plate has not met the presale

requirement, the department shall proceed in the order provided in s. 320.08058 to identify the next qualified specialty license plate that has met the presale requirement. The department shall cycle through the list in statutory order.

(b) If the Legislature has approved 150 or more specialty license plates, the department may not make any new specialty license plates available for design or issuance until a sufficient number of plates are discontinued pursuant to s. 320.08056(8) such that the number of plates being issued does not exceed 150. Notwithstanding s. 320.08056(8)(a), the 150-license-plate limit includes license plates above the minimum sales threshold and those exempt from that threshold.

Section 6. Subsection (12) of section 320.08056, Florida Statutes, is renumbered as subsection (15), subsections (2) and (4), paragraph (a) of subsection (10), and subsection (11) are amended, paragraphs (c) through (f) are added to subsection (8), and new subsections (12), (13), and (14) are added to that section, to read:

Communications

The Governor advised that he had filed in the Office of the Secretary of State the following bill which he approved:

February 27—CS/HB 1087

*The Honorable Laurel Lee
Secretary of State*

February 27, 2020

Dear Secretary Lee:

I have signed into law Committee Substitute for House Bill 1087 – Domestic Violence Services.

After months of obstruction, the Florida Coalition Against Domestic Violence (FCADV) recently disclosed information revealing a pattern of egregious misconduct, including exorbitant compensation payouts to executive leadership, abuse of state dollars, withholding of information and breach of public trust. This complete lack of transparency and accountability is inexcusable. House Bill 1087 takes an important step by removing FCADV from the Florida Statutes, thus preventing further abuse by the FCADV and ensuring that survivors of domestic violence are receiving the services they need.

I commend Senate President Bill Galvano and Florida House Speaker Jose Oliva for taking swift legislative action to remove the FCADV from statute and allow the Department of Children and Families to administer all programs related to domestic violence services so that survivors in need of these services can continue to receive vital care.

The continuity of these services for individuals who need them is of paramount importance. My administration will not tolerate wasteful or fraudulent spending, especially by an organization charged with protecting and serving vulnerable victims of domestic violence.

Sincerely,
RON DeSANTIS
Governor
